

EVANGELICAL ASSOCIATION.

The Annual Session Came to an End Yesterday.

The deliberations of the Congregational clergy composing the Hawaiian Evangelical Association for the session of 1896 came to an end yesterday and most of the members are already on their way home. Among the proceedings of the latter part of the session was the suspension of Rev. M. Luteon, who is evidently a prophet without honor in his own country; the passage of a resolution asking the Attorney-General to devise ways and means for the legal divorce of those afflicted with leprosy; the passage of a similar request to President Dole asking him to put an end to Sunday target shooting, and resolutions of regret that Minister Cooper should have allowed Sunday band concerts.

A number of important matters such as the titles to church lands, support of impoverished churches, Kahunism, etc., were referred to the Hawaiian Board, with power to act.

The Earth Reproduced.

Elisee Reclus, the French geographer, is out with a plan to construct a globe, a facsimile of the earth, on a scale that shall be exactly one-hundred thousandth part of the actual size.

The magnitude of the work will be appreciated when it is stated that the structure will be 418 feet in diameter, so that the Bartholdi statue, if erected inside of it, would not reach to its center. This enormous size is considered to be necessary in order to allow of the surface being modeled with minute accuracy and in true proportions, so as to show mountains and valleys, plateaus and lowlands, in their actual relation to the earth's magnitude.

Even on this large scale the Himalayas would be only about three and a half inches high, Mont Blanc about two inches, the Grampians half an inch, while the Palisades of the Hudson, at their highest points, would be about one-sixteenth of an inch above the level of the river.

HONOLULU, April 21, 1896:

Mr. C. W. MACFARLANE:—It affords me pleasure to recommend, to any one whose hair is falling out, the use of DR. POTTIE'S HAIR OIL. My hair was coming out at such a rate as led me to believe that I would soon become bald. After using the oil for five weeks this ceased entirely; none whatever is now falling out. I consider it the best and only worthy remedy for this trouble and also recommend it as a stimulant to new growth.

Yours truly, J. B. DANIELS.
